Noel,

This looks fine. In your clean copy, put [Deleted] in claim 4. In the marked up set you only really need to delete "any preceding" and add "1" (because the "in" and "claim" are already there).

It's funny that the Examiner is Scott Kastler. He is in fact the only Examiner I have actually met. I went over to Washington last year on an important case for Foseco. He is one of the USPTO's top Examiner's and a nice guy.

Good luck!

David
